MEMORANDUM FOR: Assistant Director for Operations

THROUGH : Deputy Director for Intelligence

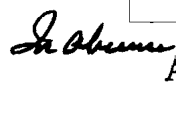

SUBJECT : FBIS Regulatory System

REFERENCE : Memo dtd 6 Jul 64 to DD/S fr AD/O, same subject

1. We have completed a careful review of the FBIS regulatory system in terms of the authorities granted in 1954 for its establishment. In sum, I find that the reasons for maintaining a special system of regulatory issuances for FBIS are equally as valid now as they were then; and the method of using them for transmitting Agency policy to FBIS field installations is, by and large, quite satisfactory.

2. I am informed that the Audit Staff reviews and evaluates FBIS regulations in terms of their relationship to over-all Agency policy as expressed in the Agency regulatory system and generally finds them to be completely within the intent and spirit of the authority as originally defined. In those instances where minor exceptions have been taken, corrective action has been promptly implemented.

3. In consideration of the questions which caused us to undertake this review and our agreement that FBIS should look to the Special Support Assistant to the Deputy Director for Support in matters relating to the support of your domestic and foreign field installations, I believe it would be useful for you to make available to him a complete set of FBIS regulations and to include him on the distribution for all subsequent issuances. In order to ensure that the system is recognized and perpetuated, it would seem to me appropriate to incorporate the pertinent provisions of the original authorities in an amendment If you agree, may I suggest that you prepare proposed amendments to the appropriate Agency regulations and submit them for publication within the next 90 days.

 R. L. Bannerman
Acting Deputy Director
for Support
